Bulletin no.1

Dear Friends,

We would like to invite you to the biggest international tournament in karate for youth and adults, which is held in the Czech Republic.

The tournament, which started its own history at the turn of the millennium in the year 2000, attracted in the last years European and World elite and became highly sought as a preparatory tournament for many national federations.

We are very happy to welcome the karate family from the whole World to be the hosts of one of the great sporty cities in the Czech Republic. City of Pilsen, where many famous athletes and sport stars were trained, not only in karate, but from a very wide variety of sports.

We are proud that the tournament has been held more than twenty times, once again this year in the city of Pilsen. But, now is the time for celebration of sport and culture, of course tasty food and astounding beverages are one of our biggest enticements for all participants of this tournament.

Therefore once again, we would like to invite you to this event and we are looking forward to your participation.

Sincerely,

Marek Kubin
Chairman of Organizing committee

Tournament system

All categories will take place divided in two parts:

1. Group phase (always at least 4-member group, system round robin)

karate@karatecup.cz

www.karatecup.cz

www.sportdata.org

Bulletin no.1

2. Elimination phase (always the first or the first two of the group will create a quarterfinals and afterwards in an elimination way with a repechage for two third places, until the final)

Group stage - kata

Each participant will perform kata in a two-round system, where both results are summed up and the order is determined by the simple sum of both rounds. In case of compliance, the WKF rules are followed.

Group stage – kumite

Each match will be evaluated, for a victory on points - 3 points, a victory on Senshu (score is the same) 2 points, a loss on Senshu (score is the same) or a hikiwake 1 point, a loss will grant 0 points.

Progressing will be the group victor. In case of an agreement, the WKF rules for the round robin competition will be followed.

The elimination phase is determined as the system for Premier League tournaments, if the number of quarterfinalists will not be filled, it will be given in this case as a free place.

For the kata competition, two groups will be created for the selection for medals and then there will be a medal match phase. A maximum of 4 katas is required for the tournament.

Division into the groups will be according to the possibilities and WKF ranking and further according to the representation of the countries, in order to ensure the greatest possible objectivity of the tournament...
